The Discipleship Team's **goal** is to help people grow into faithful and joyous followers of Christ.

Action steps: We will reach our goal as we create community, learn, teach, and grow in our relationships with each other and our Heavenly Father, following His word and the example of Jesus, His Son.

The **Discipleship Team's** primary ministry focus is on creating and sustaining key *relational environments* and building community through Small Groups, Men's/Women's ministry, Bible study.

We strive to *equip* members/leaders with the skills, tools, knowledge and understanding to help each other to grow in Christ – that we will mature in the Lord, measuring up to the full and complete standard of Christ. Ephesians 4:13
