Purpose: To help members of our church family who are in a growing relationship with Christ to first recognize the abundance He has provided us, and then respond in a manner that is pleasing to Him.

Goal: To have all those who are part of our church family respond by returning to God a portion of that which He has provided to us, based on a planned and regular amount, as a first priority.

A successful **outcome** of our stewardship ministry will be to have individual members grow in their faith through trusting God, and respond by returning a portion of the resources that have been provided to them by God.

This response will bring us joy and further deepen our relationship with Him.

Further, the availability of these resources by our church will sustain and enhance all of the ministry priorities at Chedoke that will impact the lives of others.
