The primary **goal** of the youth ministry team is building life-changing relationships with youth and young adults.

Action steps:

The **first step** is to connect with youth through networking, programs, and outreach.

The **second step** is to provide relevant, engaging opportunities (groups, programs, events) for growth in relationship with each other and the Lord.

The **next step** is to engage those who are connect and growing, in making an impact on their friends, the congregation and our city through serving projects, events, etc.

Information Technology and social networking (Facebook, texting, twitter, website) provide exciting opportunities to stay connected and grow stronger relationships among our youth.
